I am sending this cop-out to request a compassionate release. I have elevated liver enzymes, which can be verified through my medical records, due to chronic liver problems. In addition since being at this facility the Drs at UK have found that I have Arterial sclerosis of the Sympatic Artery. This is A serious medical condition on its own. I also have 6 kids (3 biological & 3 step) out on the street that my wife needs me to help support along with A mother who is currently living at a Catholic Mission. All of these combined reasons, I believe makes me A good candidate for A compassionate release. Attached is A copy of my home plan & job plan
